

Dec 17, 2025

Dear Professor Calo and Professor Friedman,

I'm reaching out on behalf of "Responsible AI," a small Seattle-based community group that has formed around shared concerns about AI policy and public impact.

After learning more about the Tech Policy Lab's work, we thought it might be appropriate to introduce ourselves and explore whether there could be a constructive point of connection. We weren't certain who the best contact would be for community-level outreach, so we're reaching out to you both as Faculty Directors.

I've attached a brief introductory letter that provides context about our group and the issues that prompted this outreach. There's no specific request beyond your consideration and guidance on whether this inquiry belongs with you or someone else on your team.

Thank you for your time and for the work you do at the intersection of technology and policy.

Best regards,
Tony Byorick
